

Candidate Withdrawals

A candidate who has filed for any office may withdraw before the candidate filing deadline by submitting a notarized written statement of withdrawal. [KSA 25-306a] After the filing deadline and after the primary, a candidate for national, state, county or township office who does not wish to be a candidate may only withdraw from nomination if:

- (1) the nominee certifies to the secretary of state of a severe medical hardship on the nominee or nominee's immediate family. The nominee shall send the secretary of state a certification of the severe medical hardship signed by a medical doctor; or
- (2) the nominee certifies to the secretary of state that the nominee does not reside in the state of Kansas. [KSA 25-306b(b)]

Candidate withdrawals create vacancies in candidacies, which in the case of party candidacies are filled by party district convention. [KSA 25-3904, 25-3904a] There is no provision in law for replacing independent candidates if they withdraw. Likewise, there is no provision in law for replacing candidates in nonpartisan races.

Dear Douglas County Clerk Jamie Shew,

I realize now that it is in my best interest to resign from the Lawrence, Kansas, City Commission candidacy campaign.

I was very eager to serve lawrence, and still am; however

I need to go back to school, and also only return to politics if /

can learn how to navigate what I believe is corruption in our City Government

in a way that is less driven by negative emotions, or perhaps none at

all.

I am really trying to improve my life - NOT TPYING; "AM" - and I think by bettering my credentials in terms of professional qualities and greater employment, I will be more successful in such a City Commission endlavor, if I do decide to run for such office again.

I enjoyed getting to know you and your staff more. Sincerely,

Eric Bock Hyde Eai Book Hyde 1605 W 27th St Lawrence, KS 660.46 785 766 1605
