The value or percentage of a business interest is to be determined as of the time of the required filing. The value assigned to a holding is the fair market value. For the purpose of this section, certificates of deposit, bank savings or checking accounts in a savings and loan, shares in a credit union, life insurance policies, annuities, notes, bonds, debentures, and mortgages need not be disclosed under this provision. Business interest includes, among other things, property held for rental, farming, commercial purposes and ownership of mineral rights. Business means any corporation, association, partnership, proprietorship, trust, joint venture, and every other business interest, including ownership or use of land for income.
