**Shall the following be adopted?**  
 Article 15 of the constitution of the state of Kansas is amended by adding a new section thereto to read as follows:

"§ 3b. Regulation, licensing and taxation of horse and dog racing and parimutuel wagering thereon. Notwithstanding the provisions of section 3 of article 15 of the constitution of the state of Kansas, the legislature may permit, regulate, license and tax, at a rate not less than 3% nor more than 6% of all money wagered, the operation or conduct, by bona fide nonprofit organizations, of horse and dog racing and parimutuel wagering thereon in any county in which: (a) A majority of the qualified electors of the county voting thereon approve this proposed amendment; or (b) the qualified electors of the county approve a proposition, by a majority vote of those voting thereon at an election held within the county, to permit such racing and wagering within the boundaries of the county. No off-track betting shall be permitted in connection with horse and dog racing permitted pursuant to this section."

"Explanatory statement. This proposed amendment would authorize the legislature to permit, license, regulate and tax horse and dog races and parimutuel wagering on such races, conducted by nonprofit organizations, in any county where a majority of the voters have approved this proposition or a later proposition authorizing the conduct of the races and wagering in their county but would prohibit off-track betting."

"A vote against the proposed amendment would continue the current prohibition against parimutuel wagering on horse and dog races."

"§ 10. Intoxicating liquors. (a) The legislature may provide for the prohibition of intoxicating liquors in certain areas.

"(b) The legislature may regulate, license and tax the manufacture and sale of intoxicating liquors, and may regulate the possession and transportation of intoxicating liquors.

"(c) The sale of intoxicating liquor by the individual drink in public places is prohibited, except that the legislature may permit, regulate, license and tax the sale of intoxicating liquor by the drink in public places in a county where the qualified electors of the county approve, by a majority vote of those voting on this proposition, to

adopt this proposition, but such sales shall be limited to: (1) Public places where gross receipts from sales of food for consumption on the premises constitute not less than 30% of the gross receipts from all sales of food and beverages on such premises; or (2) public places for which a temporary permit has been issued as authorized by law.

"At any subsequent general election, the legislature may provide by law for the submission of propositions to qualified electors of counties for: (1) The prohibition of sales of intoxicating liquor by the individual drink in public places within the county; (2) the regulation, licensing, taxing and sale of intoxicating liquor by the drink in public places within the county without a requirement that any portion of their gross receipts be derived from the sale of food; or (3) the regulation, licensing, taxing and sale of intoxicating liquor by the drink in public places within the county which derive not less than 30% of their gross receipts from the sale of food for consumption on the premises. Temporary permits for the sale of intoxicating liquor may be issued in any county in which the regulation, licensing, taxation and sale of intoxicating liquor by the drink in public places is approved pursuant to this section, but no temporary permit shall be issued for the sale of intoxicating liquor by the drink within any county in which the regulation, licensing, taxation and sale of intoxicating liquor by the drink in public places is prohibited."

"Explanatory statement. This proposed amendment would authorize the legislature to permit, license, regulate and tax the sale of intoxicating liquor by the drink in public places which are located in a county where the voters have approved such sale in their county."

"A vote for the proposed amendment would permit the sale of liquor by the drink in public places which are located in a county where the voters approve such sale in their county."

**Shall the following be adopted?**  
 Section 1 of article 11 of the constitution of the state of Kansas is amended to read as follows:

"§ 1. (a) System of taxation; classification; exemption. The provisions of this subsection (a) shall govern the assessment and taxation of property until the provisions of subsection (b) of this section are implemented and become effective, whereupon subsection (a) shall expire. The legislature shall provide for a uniform and equal rate of assessment and taxation, except that the legislature may provide for the classification and the taxation uniformly as to class of motor vehicles, mineral products, money, mortgages, notes and other evidence of debt or may exempt any of such classes of property from property taxation and impose taxes upon another basis in lieu thereof. All property used exclusively for state, county, municipal, literary, educational, scientific, religious, benevolent and charitable purposes, and all household goods and personal effects not used for the production of income, shall be exempted from property taxation.

The provisions of this subsection (b) shall not be applicable to the taxation of motor vehicles, except as otherwise hereinafter specifically provided, mineral products, money, mortgages, notes and other evidence of debt and grain. Property shall be classified into the following classes for the purpose of assessment and assessed at the percentage of value prescribed therefor:

"Class 1 shall consist of real property. Real property shall be further classified into four subclasses. Such property shall be defined by law for the purpose of subclassification and assessed uniformly as to subclass at the following percentages of value:

- (A) Real property used for residential purposes including multi-family residential real property ..... 12%
- (B) Land devoted to agricultural use which shall be valued upon the basis of its agricultural income or agricultural productivity pursuant to section 12 of article 11 of the constitution ..... 30%
- (C) Vacant lots ..... 12%
- (D) All other urban and rural real property not otherwise specifically subclassified ..... 30%

"Class 2 shall consist of tangible personal property. Such tangible personal property shall be further classified into six subclasses, shall be defined by law for the purpose of subclassification and assessed uniformly as to subclass at the following percentages of value:

- (F) All other tangible personal property not otherwise specifically classified ..... 30%

goods and personal effects not used for the production of income, shall be exempted from property taxation."

"**Explanatory statement.** On and after January 1, 1989, real and personal property will automatically be divided into classes and subclasses and assessed at different percentages of value fixed in the constitution. Also, the amendment provides for the exemption of farm machinery and equipment, merchant's and manufacturer's inventories and livestock.

"A vote for the proposition would provide that land devoted to agricultural use would be valued on the basis of its agricultural income or agricultural productivity and would be assessed at 30% of the value so obtained, that commercial and industrial machinery and equipment would be assessed at 20% of its fair market value, that all residential property and vacant lots would be assessed at 12% of its fair market value and that all other property would be assessed at 30% of its fair market value. Also, certain categories of personal property would be exempted from property taxation.

"A vote against the proposition would continue the present requirement that, except for motor vehicles, mineral products and intangible property, all property must be taxed and assessed at a uniform and equal rate."

Article 15 of the constitution of the state of Kansas is amended by adding a new section thereto to read as follows:

"§ 3c. State-owned and operated lottery. Notwithstanding the provisions of section 3 of article 15 of the constitution of the state of Kansas, the legislature may provide for a state-owned and operated lottery, except that such state-owned lottery shall not be operated after June 30, 1990, unless authorized to be operated after such date by a concurrent resolution approved by a majority of all of the members elected (or appointed) and qualified of each house and adopted in the 1990 regular session of the legislature. The state shall whenever possible provide the public information on the odds of winning a prize or prizes in a lottery game.

"**Explanatory statement.** This proposed amendment would authorize the legislature to provide for a state-owned and operated lottery.

"A vote for the proposed amendment would permit the legislature to provide for operation of a state-owned and operated lottery until June 30, 1990, with authority for the legislature to authorize the operation of such lottery after that date by adopting a concurrent resolution by a majority vote of all members of each house during the regular session of the legislature in 1990. ##### Shall the following be adopted?

Article 6 of the constitution of the state of Kansas is hereby revised to read as follows:

"Article 6.—EDUCATION

"§1. Schools, educational institutions and related activities. The legislature shall provide for intellectual, educational, vocational and scientific improvement by establishing and maintaining public schools, educational institutions and related activities which may be established, organized and changed in such manner as may be provided by law.

"§2. State board of education and state board of regents. (a) The legislature shall provide for a state board of education and for its supervision of public schools, educational institutions and all the educational interests of the state, except educational functions delegated by law to the state board of regents. The state board of education shall perform such other duties as may be provided by law.

"(b) The legislature shall provide for a state board of regents and for its control and supervision of public institutions of higher education. Public institutions of higher education shall include universities and colleges granting baccalaureate or postbaccalaureate degrees and such other institutions and educational interests as may be provided by law. The state board of regents shall perform such other duties as may be provided by law.

"(c) Any municipal university shall be operated, supervised and controlled as provided by law.

"§3. Members of state board of education and state board of regents. (a) There shall be ten members of the state board of education with overlapping terms as the legislature may prescribe. The legislature shall make provision for ten member districts, each comprised of four contiguous senatorial districts. The electors of each member district shall elect one person residing in the district as a member of the board. The legislature shall prescribe the manner in which vacancies occurring on the board shall be filled.

"(b) The state board of regents shall have nine members with overlapping terms as the legislature may prescribe. Members shall be appointed by the governor, subject to confirmation by the senate. Not less than one member shall be appointed from each congressional district with the remaining members appointed at large; however, no two members shall reside in the same county at the time of their appointment. Vacancies occurring on the board shall be filled by appointment by the governor as provided by law.

"(c) Subsequent redistricting shall not disqualify any member of either board from service for the remainder of a term of office. Any member of either board may be removed from office for cause as may be provided by law."

"§4. Commissioner of education. The state board of education shall appoint a commissioner of education who shall serve at the pleasure of the state board as the executive officer of the board.

"§5. Local public schools. Local public schools shall be maintained, developed and operated by locally elected boards. When authorized by law, such boards may make and carry out agreements for cooperative operation and administration of educational programs. All such agreements shall be subject to limitation, change or termination by the legislature. The state board of education shall exercise such supervision over the maintenance, development and operation of local public schools as may be prescribed by law.

F

"§6. Finance of education. (a) The legislature may levy a permanent tax for the use and benefit of state institutions of higher education and apportion among and appropriate the same to the several institutions, which levy, apportionment and appropriation shall continue until changed by statute. Further appropriation and other provision for finance of institutions of higher education may be made by the legislature.

"(b) The legislature shall make suitable provision for finance of the educational interests of the state. No tuition shall be charged for attendance at any public school to pupils required by law to attend such school, except such fees or supplemental charges as may be authorized by law. The legislature may authorize the state board of regents to establish tuition, fees and charges at institutions under its supervision.

"(c) No religious sect or sects shall control any part of the public educational funds.

"§7. Savings clause. All laws in force at the time of the adoption of this amendment and consistent therewith shall remain in full force and effect until amended or repealed by the legislature.

"**Explanatory statement.** The purpose of this amendment is to update the education article of the state constitution and to make certain that the legislature has full authority to provide by law for the public interest in the educational policy of this state.

"A vote for this proposition would terminate the constitutional powers and duties of the state board of education in developing and carrying out the public educational policy of this state and would allow the legislature to provide for those powers and duties by law.
