Official Constitutional Amendment

QUESTION SUBMITTED

To vote in favor of any question submitted upon this ballot, darken the oval to the left of the word "Yes"; to vote against it, darken the oval to the left of the word "No".

Explanatory statement. There is currently no constitutional provision regarding marriage. There is a statute, enacted by the legislature, that defines marriage as a civil contract between two persons who are of opposite sex and declares all other marriages to be contrary to public policy and void.

A vote for this proposition would amend the Kansas constitution to incorporate into it the definition of marriage as a civil contract between one man and one woman only and the declaration that any other marriage is contrary to public policy and void. The proposed constitutional amendment also would prohibit the state from recognizing any other legal relationship that would entitle the parties in the relationship to the rights or incidents of marriage.

A vote against this proposition would not amend the constitution, in which case the current statute that defines marriage would remain unchanged but could be amended by future acts of the legislature or modified by judicial interpretation.

Shall the following be adopted?

16. Marriage (a) The marriage contract is to be considered in law as a civil contract. Marriage shall be constituted by one man and one woman only. All other marriages are declared to be contrary to the public policy of this state and are void.

(b) No relationship, other than a marriage, shall be recognized by the state as entitling the parties to the rights or incidents of marriage.

Official Constitutional Amendment

QUESTION SUBMITTED

To vote in favor of any question submitted upon this ballot, darken the oval to the left of the word "Yes"; to vote against it, darken the oval to the left of the word "No".

Explanatory statement. There is currently no constitutional provision regarding marriage. There is a statute, enacted by the legislature, that defines marriage as a civil contract between two persons who are of opposite sex and declares all other marriages to be contrary to public policy and void.

A vote for this proposition would amend the Kansas constitution to incorporate into it the definition of marriage as a civil contract between one man and one woman only and the declaration that any other marriage is contrary to public policy and void. The proposed constitutional amendment also would prohibit the state from recognizing any other legal relationship that would entitle the parties in the relationship to the rights or incidents of marriage.

A vote against this proposition would not amend the constitution, in which case the current statute that defines marriage would remain unchanged but could be amended by future acts of the legislature or modified by judicial interpretation.

Shall the following be adopted?

16. Marriage (a) The marriage contract is to be considered in law as a civil contract. Marriage shall be constituted by one man and one woman only. All other marriages are declared to be contrary to the public policy of this state and are void.

(b) No relationship, other than a marriage, shall be recognized by the state as entitling the parties to the rights or incidents of marriage.

QUESTION SUBMITTED

To vote in favor of any question submitted
upon this ballot, darken the oval to the left of
the word "Yes"; to vote against it, darken the
oval to the left of the word "No".

Explanatory statement. There is currently
no constitutional provision regarding
marriage. There is a statute, enacted by the
legislature, that defines marriage as a civil
contract between two persons who are of
opposite sex and declares all other marriages
to be contrary to public policy and void.

A vote for this proposition would amend the
Kansas constitution to incorporate into it the
definition of marriage as a civil contract
between one man and one woman only and
the declaration that any other marriage is
contrary to public policy and void. The
proposed constitutional amendment also
would prohibit the state from recognizing any
other legal relationship that would entitle the
parties in the relationship to the rights or
incidents of marriage.

A vote against this proposition would not
amend the constitution, in which case the
current statute that defines marriage would
remain unchanged but could be amended by
future acts of the legislature or modified by
judicial interpretation.

Shall the following be adopted?

16. Marriage (a) The marriage contract is
to be considered in law as a civil contract.
Marriage shall be constituted by one man and
one woman only. All other marriages are
declared to be contrary to the public policy of
this state and are void.

(b) No relationship, other than a marriage,
shall be recognized by the state as entitling
the parties to the rights or incidents of
marriage.

to be contrary to public policy and void.

A vote for this proposition would amend the
Kansas constitution to incorporate into it the
definition of marriage as a civil contract
between one man and one woman only and
the declaration that any other marriage is
contrary to public policy and void. The
proposed constitutional amendment also
would prohibit the state from recognizing any
other legal relationship that would entitle the
parties in the relationship to the rights or
incidents of marriage.

A vote against this proposition would not
amend the constitution, in which case the
current statute that defines marriage would
remain unchanged but could be amended by
future acts of the legislature or modified by
judicial interpretation.

Shall the following be adopted?

16. Marriage (a) The marriage contract is
to be considered in law as a civil contract.
Marriage shall be constituted by one man and
one woman only. All other marriages are
declared to be contrary to the public policy of
this state and are void.

(b) No relationship, other than a marriage,
shall be recognized by the state as entitling
the parties to the rights or incidents of
marriage.

Explanatory statement. There is currently
no constitutional provision regarding

definition of marriage as a civil contract
between one man and one woman only and
the declaration that any other marriage is
contrary to public policy and void. The
proposed constitutional amendment also
would prohibit the state from recognizing any

A vote against this proposition would not

QUESTION SUBMITTED

To vote in favor of any question submitted
upon this ballot, darken the oval to the left of
the word "Yes"; to vote against it, darken the
oval to the left of the word "No".

Explanatory statement. There is currently
no constitutional provision regarding
marriage. There is a statute, enacted by the
legislature, that defines marriage as a civil
contract between two persons who are of
opposite sex and declares all other marriages
to be contrary to public policy and void.

A vote for this proposition would amend the
Kansas constitution to incorporate into it the
definition of marriage as a civil contract
between one man and one woman only and
the declaration that any other marriage is
contrary to public policy and void. The
proposed constitutional amendment also
would prohibit the state from recognizing any
other legal relationship that would entitle the
parties in the relationship to the rights or
incidents of marriage.

A vote against this proposition would not
amend the constitution, in which case the
current statute that defines marriage would
remain unchanged but could be amended by
future acts of the legislature or modified by
judicial interpretation.

Shall the following be adopted?

16. Marriage (a) The marriage contract is
to be considered in law as a civil contract.
Marriage shall be constituted by one man and
one woman only. All other marriages are
declared to be contrary to the public policy of
this state and are void.

(b) No relationship, other than a marriage,
shall be recognized by the state as entitling
the parties to the rights or incidents of
marriage.

There is currently no constitutional provision regarding marriage. There is a statute, enacted by the legislature, that defines marriage as a civil contract between two persons who are of opposite sex and declares all other marriages to be contrary to public policy and void. A vote for this proposition would amend the Kansas constitution to incorporate into it the definition of marriage as a civil contract between one man and one woman only and the declaration that any other marriage is contrary to public policy and void. The proposed constitutional amendment also would prohibit the state from recognizing any other legal relationship that would entitle the parties in the relationship to the rights or incidents of marriage. A vote against this proposition would not amend the constitution, in which case the current statute that defines marriage would remain unchanged but could be amended by future acts of the legislature or modified by judicial interpretation.</p> <p>Shall the following be adopted? 16.
